The Sonoma Index-Tribune

VOL. XXXIV. SONOMA, SONOMA COUNTY, CAL., JULY 13, 1912. NO. 1

INTERESTING ITEMS FROM EL VERANO AND VICINITY.

Weekly Record of all the Happenings in His Town as Faithfully Recorded by Our Wide-Awake Reporter, " Archie McKiver."

Charley Lane of Glen Ellen was in town Monday.

Pr.ss Davis was a visitor in the City of Roses Saturday.

The Lel aye family of San Francisco are here for the summer.

A. E. Warriner of Sonoma left for Quincy on Saturday of last week.

Mont Akers, popular deputy assessor of Schellville, was in town Monday.

Miss A. Kearney is here from Oakland this week a guest of local relatives.

Adam Yenni, formerly of this place but now of Sacramento, was here Sunday.

Charley Cheney was an S. P. passenger for Sacramento last Friday morning.

L'oyd Riser spent the fore part of the week visiting in San Francisco and Oakland.

Jimmie Sterling came down from Santa Rosa Sunday morning en route to Sonoma.

Attorney R. A. Poppe was a Southern Pacific passenger for Santa Rosa Monday.

Jordan Baslou, the barber, was visiting in Santa Rosa the fore part of the week.

Miss Ruth Riser of Oakland spent the fore part of the week here the guest of her folks.

Chas. Spindler and F. A. Riser were passengers for Oakland on Monday morning's S. P. train.

Mrs. C. Kiser of San Francisco and charming daughter were guests here the fore part of the week.

Jim Baines, who owns a large ranch west of town, is trahsacting business in San Francisco this week.

Paul Vannucchi, popular proprietor, of Paul's Cafe at Verano, is spending the week in San Francisco.

Gene Oppliger, the popular watchmaker of Sonoma, was in town last Friday shakihg hands with the boys.

Several large bets were cashed here on the Wolgast-Rivers bout, which took place at Los Angeles on the 4th of July.

George Cornelius and wife arrived from Sacramento Saturday evening and spent the following day at Boyes Springs.

Harry Earl, popular manager of the Riverside Resort, was a Southern Pacific passenger for San Francisco Wednesday morning.

L. E. Grimm, Edward R. Gould and Harry Baines motored to the metropolis Monday in the former's motor car for a visit of several days.

Louie Parente, Cleve Hawkins and Willie Meehan autoed to Vallejo Thursday evening to take in the Meehan-Grand fight at the Flosden arena in that city.

Harold Redmond of San Francisco is a guest this week at Sonoma Grove. Harold is some ladies man and the girls all say that he is the cutest little fellow they ever met.

Mr. Allison, who is aspiring to the nomination for Supervisor on the Domocratic ticket, was in town the fore part of the week putting out cards announcing his candicacy.

Jake Fennell, wife and family of San Francisco are the guests of Mrs. M. Taylor. Mr. Fennell was in town Tuesday shaking hands with his many friends, who were all glad to see him.

A large crowd assembled at the baseball grounds Sunday and witnessed the game between Boyes Water High Balls and El Verano. A good game was played, the former team winning by a score of 9 to 6.

Professor Gilbert, a noted musician and dancing master, who has travelled all over the world, is a guest at the Flora Villa. The professor likes our valley and will remain several weeks.

Among those who took the S. P. train Friday morning for different cities around the bay were L. E. Grimm for Oakland, Miss May McGill for Berkeley and Miss Mamie Walsh for San Francisco.

Louie Parente has made arrangements to hold a series of boxing bouts at the Parente Villa on the evening of July 18th. Some good boys will be on hand and good battles are looked forward to.

A first-class theatrical show was given by the Yiddish Actors of San Francisco last Thursday evening. The show drew a large crowd and was the event of the season, being held at Parente's theatre near Verano.

Pete Kiel of Sonoma was a visitor here Sunday. Pete took in a number of our summer resorts, and pronounced El Verano a live town. He said he was thinking of moving here shortly.

A. Childs and Harry Stone have been expelled from the Batchelors Club. These members were both brought before president Dutch Vincent Sunday and charged with breaking several of the club's rules.

Jimmie McMasters, formerly a crack light weight pugilist, but now a seafaring man, is registered at the French Cottage. Jimmie at one time was champion of his class in merry old England and has many friends here.

Chris. Leuterdt and wife were here Monday from San Francisco. Mr. Leuterdt was formerly a crack baseball player and has a number of friends here who were glad to see him. Mr. and Mrs. Leuterdt expect to return shortly to spend a month.

A wheel thief is the latest in town. Billy Block of Vineburg was one of the victims, having had his bicycle stolen last Saturday night. Whoever the thief is he had better look out, as a clue to his identity and whereabouts is in evidence.

Cleve Hawkins, the colored light heavyweight of Chicago, who has been training at Parente's training camp, left for San Francisco Friday morning, where he boxes at dreamland rink, Friday evening. There is some class to Cleave's milling and he should win easily.

Billy Block, the well known society chap of Vineburg, was in town Sunday and registered at the Swiss-American Hotel. Say, Easy Jim, you had better warn Peaches that if it's Hannah he is trying to win he had better look out for McKiver. Billy should stay in quiet Vineburg and leave well enough alone.

A Block, the popular lumber merchant of this place, has been appointed, general manager of Peterson's lumber yard here. In the appointment of Mr. Block, Mr. Peterson used good judgment as Mr. Block is an old time lumber surveyor and has host of friends who congratulate him on his new position.

Everything is lovely in El Verano and a large crowd was here on the 4th. Harry Earl had a large number of visitors at his resort, the Riverside, all week. The Hawaiian trio, the sweet singers, were the main attraction as they proved to be excellent entertainers. Much credit is due Mr. Earl for bringing such talent to our town.

Rumor has it that Billy Banana, champion featherweight of Chinatown, San Francisco, who is a guest at the Parente Villa, will soon become a benedict. Fair Mina Piva of Honduras has slipped a right hand jolt over Billy's heart and he has taken the first count of ten from the pretty Mina. The wedding bells will soon ring and Billy has already engaged a cottage at Parente's, where he will spend the summer.

Promoter Eddie Graney of the Tuxedo Club, San Francisco, has matched Charley Miller, Louie Parente's White Hope, for a twenty-round battle with Al Kaufman the 31st of this month. Both these boys met in a fierce four-round bout several weeks ago, Miller winning after a hard struggle. Miller will most probably train here, as he has in all his bouts conditioned himself at Parente's training camp. The scrap will take place in San Francisco and will be watched with interest, as Charley has a good following here and if he scores over the blasksmith will be in line with the colored champion of the world, Jack Johnson.

ARCHIBALD MCKIVER.
El Verano, July 11, 1912.

THE MATRIMONIAL GAME OF CHANCE

An Agua Caliente Man Takes Unto Himself a "Blushing" Bride and Thereby Hangs a Tale

A dispatch from San Jose under date of July 6th says:

"George Diebold, aged 60, of Agua Caliente, Sonoma County, married Ella Mertens, aged 30, of San Francisco, in this city last Saturday. Already he repents of his bargain and execrates matrimonial advertisements.

Diebold made a flying trip to San Jose today to get his marriage certificate at the office of the county recorder and volubly recited the history of his unhappy experience to the attaches of the office. He explained that he wanted to get the document before his bride could do so and so forestall any designs which she might have upon him or his property.

The couple had been acquainted only 10 days and their meeting was brought about by Diebold's answering an advertisement for a a husband, inserted in a San Francisco paper by Ella Mertens. After a brief and unromantic courtship, during which the present Mrs. Diebold learned that he was a prosperous farmer of Sonoma County and had an estate in Europe the couple came to San Jose last Saturday and were married by Police Judge Thomas R. Dougherty. Not a moment's peace has Diebold had since. He said he found his bride cold and mercenary and was horrified to discover that most of her charms were false. He spent a small fortune for jewelry for her during last week and he found she had a temper when he refused her more.

Diebold had planned to start east tonight on a trip to Europe, where he was going to realize on an estate in Alsace, but decided to stay at home and let his solicitors look after his interests when he learned that his bride discovered that he was heir to some 80,000 marks and insisted on accompanying him."

A story in connection with Mr. Diebold's marital troubles reached this office from San Jose, although we do not vouch for it, that while securing the marriage license Geo., who is given to stuttering, was asked by the County Clerk where Caliente was located. "Well," replied the groom in prospective, "it is up in th—it is up in the th—Oh, d—n it you could get there before I could tell you."

Engineer Sam Lewis Badly Scalded

The veteran engineer Sam Lewis who had the run on the Sonoma Branch of the Northwestern Pacific for over thirty years, and who was recently transferred to the Sebastopal branch, met with a painful accident last Sunday morning. He was returning to Santa Rosa on his engine, when it suddenly jumped the track, taking the tender with it. Firemen Williams and Quigley jumped from the cab and saved themselves, but engineer Lewis stuck to his post and went down in the wreck, and he was badly scalded by escaping steam before he could be released by his companions.

His burns are very deep, being confined to his face and lower limbs. He was taken to the Cottage hospital, San Rafael. His injuries although painful are not considered dangerous.

Assemblyman Slater Will Try for Re-election

Assemblyman Herbert W. Slater, who will be a candidate for renomination for the Assembly at the coming primaries, has named his verification deputies as follows: George W. Lewis, Santa Rosa; John P. Menihan, Cloverdale; M. E. Cummings, Sonoma; G. A. Feldmeyer, Geyserville. They will have the nomination papers signed up this week in various parts of the Thirteenth Assembly district.

Entertainment and Dance.

A grand benefit entertainment and dance will be given for the benefit of St. Mary's Church, Glen Ellen, on the evening of July 20th in Mervyn Hall. Splendid music is promised and a general good time is assured to all who attend. Refreshments will be served. Admission 50 cents.

If you believe in the square deal subscribe for the Index-Tribune.

CITY TRUSTEES IN ADJOURNED SESSION

Lease Municipal Rock-Crusher and Name the Index-Tribune the City Official Paper—Other Matters.

At an adjourned meeting of the City Trustees, held on Friday evening of last week, a full Board was present with Mayor M. E. Cummings in the chair.

The minutes of the regular meeting held on July 3d, having been read and approved, the matter of awarding ths city printing for another year was taken up on motion of Trustee Breitenbach, which received a second from Trustee Dal Poggetto.

Two bids were considered, that of the INDEX-TRIBUNE being the lowest and best for the official advertising it was unanimously made the city official newspaper for another year. In the bidding for blanks for the city most of the items were also awarded the Index-Tribune.

The street committee was instructed to repair the bridge on First-street West near the depot grounds, which has been in bad shape for some time.

Clerk Gottenberg was instructed to notify the chief engineer of the Northwestern Pacific railroad to repair its bridge at the Fifth-street West crossing.

The plans and specifications of architect A. C. Lutgens for the Carnegie Library building having been accepted by the Board of City Trustees, the clerk was also instructed to advertise in The Sonoma Index-Tribune for sealed proposals for building the same.

The meeting then adjourned.

The Board also met last Wednesday evening in special session, all the members being present.

Mayor Cummings stated the object of the meeting to be to take up the matter of leasing the municipal rock-crusing plant for a term of years to M. Campbell.

It was decided to lease him the plant for 3 years upon his filing a bond in the sum of $500 upon the following conditions:

The city to receive a royalty of 5 cents on every cubic yard of rock sold, and to be furnished crushed rock for municipal purposes for 50 cents per cubic yard laid down at the rock crusher. The lessee is also to keep the plant in good repair. Mrs. Emparan, the owner of the quarry, also receives a royality of 5 cents on every cubic yard of rock sold.

The vote upon the question was as follows:

Trustee Breitenbach — Voting no.
Trustee Dal Poggetto—Yes.
Trustee Johnson—Yes.
Trustee Wagnon—Yes.
Trustee Cummings—Yes.

The Board then adjourned.

ESTATE OF THE LATE WM. McELROY

Widow Applies for Letters of Administration — Value of Estate is $15,500

Mrs. McElroy, widow of the late Wm. McElroy, a pioneer resident of this valley who passed away last week, has petitioned the Superior Court, through her attorney Robert A. Poppe, for letters of administration upon the same.

The estate is valued at $15,500, consisting of the following: Notes and mortgages, $5,000; money in bank, $5,000; household effects, $500; town lots and improvements in Sonoma, $5,000.

Blame for Death Placed on Company.

On Saturday the coroner's jury, sitting in this place, under the direction of Coroner Frank L. Blackburn, investigated the cause of death of Henry Hulseberg at Schellville, and found that the deceased was a native of California, aged 24 years, and that he came to his death on July 5th as a result of a fracture of the skull, caused by being struck by a falling derrick on a wagon of the Great Western Power Company. It was further found that the accident could have been prevented by proper precaution being taken by said company. The jury was composed of J. B. Small, foreman; P. Laurenzi, V. Bulotti, Granville S. Harris, Arthur L. Wells, M. J. Hibbard, M. Muldry, A. Pinelli and W. Woods.

Big Things Doing in Glen Ellen Next Thursday

The young men of Glen Ellen and vicinity have posters out announcing a big minstrel tent show and a grand ball in Mervyn Hall on Tuesday evening, July 16th. The event is creating quite a furore in the valley and will attract a big crowd, who are assured one grand time.

St. Francis Church, Sonoma.

On Sunday, the 14th of July, mass will be held at 10:30 A. M. This mass will be celebrated in honor of the Silver Jubilee of the Y. M. I., No. 45. All the boys are expected to attend in a body.

FOR SALE—5 dozen thoroughbred Indian Runner ducks, 11 months old. $1.00 a piece if sold in in one lot. Drakes $1.50. Must be sold on account of dissolving partnership. Inquire of L. Hummel on Lewis tract, El Verano.

PERSONAL AND SOCIAL NOTES AND HAPPENINGS IN TOWN.

Doings of the Various Sets in this City and Its Immediate Vicinity---The Goings and Comings and Other Items of General Interest.

There are 946 inmates in the Sonoma State Home at Eldridge.

Mr. and Mrs. Jack Brown were in town from Vallejo several days the fore part of the week.

Mrs. J. K. Bigelow and the Misses Kenyons entertained a number of friends at an "At Home," last Thursday.

L. B. Lawson, of the Lawson-Rinner Optical Co., Santa Rosa, will be at the Union hotel on Thursday, July 18th.

There will be an open air concert by the Sonoma Valley Band on the grounds of El Verano Villa on the evening of July 14th.

Chas. Cameron, who was visiting here for several weeks, returned to his Oakland home one day the latter part of last week.

The Congregational Ladies' Aid Society will give the usual fall entertainment and bazaar on Friday evening, October 11th, 1912.

Mrs. B. E. Darlihg of the Home Bakery is suffering from blood poisoning, which developed from a slight scratch on one of the fingers of her right hand.

Geo. Potires, chef of the Swiss-American Hotel, El Verano, has returned to that hostlery for the summer after an absence of several months in the metropolis.

Rev. Father Leahy, formerly pastor of St. Francis church of this city but latterly pastor of St. Vincent's Church in Petaluma, whose health has been very poor of late, will leave for Ireland tomorrow.

Jas. McDaniels was in town from the farm last Saturday shaking hands with his Sonoma friends. He has not yet entirely recovered from having his leg broken by the kick of a horse last fall, and still uses a cane, but expects to dispense with that in time.

Sonoma Parlor, No. 111, N. S. G. W., invites the public to attend the celebration of its twenty-fifth anniversary to be given at Union Hall, Saturday evening, July 20th. A public installation of officers will be held, after which dancing and refreshments will be in order.

Mr. and Mrs. Cone who were in El Verano last Sunday from the city enjoyed a fine dinner at the Swiss-American Hotel, prepared by the popular chef of that hostlery.

Elsewhere in these columns the City Trustees advertise for sealed proposals for erecting the Carnegie Library building recently donated by Andrew Carnegie. The building, which the plans show to be a handsome one, will occupy a commanding site on that portion of Sonoma's eight-acre plaza facing on First-street East.

The school trustees of San Luis school district have called an election to be held at the school house on Saturday, August 3d, at which will be submitted the proposition to vote a direct tax of $350 for the purpose of painting and repairing the school house. As the people of San Luis district are liberal and enterprising it goes without the saying that the tax will carry.

Jack Gottenberg, the well-known proprietor of the Mission Garage, who was thrown from a motorcycle one day last week and badly hurt internally is up and around again attending to business. The accident occurred near Verano and was caused by the seat of the machine giving way beneath Mr. Gottenberg, throwing him to the ground and injuring him internally to such an extent as to cause him to lose a large quantity of blood.

Mr. J. P. Fennell, who recently made a pleasure trip through Europe, was in town Tuesday. He is now a guest of his sister, Mrs. Mollie R. Taylor, at her beautiful La Lomita home, formerly the E. T. Allen place. Mr. Fennell's many friends, and they are legion all over the state, will be pleased to know that he has almost completely recovered from the effects of a bullet wound in the head received at the hands of a desperate thug whom he was in the act of arresting a couple of years ago while a deputy Sheriff of San Francisco.

A special on Beds and Bedding this week. Get our prices and you won't be disappointed. F. Clewe. *

The Index-Tribune Enters Upon its Thirty-Fourth Year.

With this issue the Index-Tribune enters upon the thirty-fourth year of its existence. Like old wine it has improved with age and is now more popular among the people of all classes than ever before in its history. For thirty consecutive years this paper has been under its present management and during all that period has never had its ups and downs, but has always pursued the even tenor of its way, advocating what it conceived to be the right without fear or favor. That the Index-Tribune has its influence in a humble way in Sonoma Valley cannot be denied in view of the fact that all public questions advocated by it and submitted to the people at the polls have invariably won out.

There is a reason for this and is this: It is free and untrammelled in its utterances and never has been, nor never will be, the mouthpiece of any particular class, clique or clan. In its editorial expressions it has always aimed to be logical and fair on all public questions. Locally it has aimed to lead in all public improvements and has taken a civic pride in advancing the interests of both the town and valley.

Now, after all these thirty years that the present editor has stood at the helm of the Index-Tribune, we can truthfully say it has long since won the confidence of the people of Sonoma Valley and still retains that confidence two-fold.

DOUBLE-TRACKING SOUTHERN PACIFIC

Rapid Progress Being Made in the Stupendous Undertaking.

The contract for the construction of fifteen miles of second track on the Southern Pacific, which will connect the towns of Truckee, California, and Reno, Nevada, has just been awarded to the Utah Construction Co. This is the latest part of the construction of a second track on the Harriman Lines between Omaha and San Francisco. Already hundreds of men are employed in cleaning away underbrush along this stretch of fifteen miles. Camps, military in appearance, line the track and few people traveling over the line realize just what a stupendous job this fifteen mile stretch will be.

A large part of the proposed double tracking of the Southern Pacific has already been completed. Between Sacramento and Colfax the second track is already in operation. The laying of the second track from Benicia to Sacramento, a distance of 58 miles, is completed with the exception of 8 miles between Webster and Washington. This stretch of 8 miles involves the raising of the roadbed across Yolo Basin and the rebuilding of approximately two miles of bridges. It will probably be completed about the first of October and there will then be a double track the entire distance between Oakland Pier and Colfax.

Between the Oakland Pier and Port Costa the second track has been in operation for some months. From the Pier to Richmond the company is operating four tracks continuously. A little more than 25 miles of second track has been laid and is being operated on the Salt Lake division of the road approximate to the Lucin cut-off. The laying of the second track over Nevada will not be such a problem as has been the same kind of work in the mountain districts. By the first of October there will be about 142 miles of double track line in operation. The engineers in charge of the work have no fear but that it will be completed from San Francisco to Omaha by the time of the exposition.

EL VERANO ITEMS.

By Archibald McKiver.

(Continued from First Page)

Tom Monahan of Santa Rosa was in town the latter part of last week renewing old acquantances.

Alfred Brown has accepted a position as buss driver for the Flora Villa. Mr. Brown is cute and nice looking and should make good at his new position.

The vision of an undesirable citizen and an all-around bad man was in evidence on the P. I. Company's ranch here last Wednesday evening. A suspicious looking piece of manhood was seen loitering around the barn of the ranch and the alarm was given to our local constable, who, with two plain clothes men, made haste to give battle to the would-be desperado. A general raid was made of the premises but no clew could be found and no sight of the man. Where he dropped to nobody knows. The three officers returned home safely, nobody being killed or injured. The plain clothes men were full of fight, however, and it was a good thing for the poor hobo that he escaped. Foreman Frank Riser and assistant, Lloyd Riser, being absent, it is thought that this desperate man took advantage of this and entered the premises.

Are the Fly and Mosquito Dangerous?

The fly, with spongy feet, collects the invisible germs of diseases, spreads them over our food and poisons us with typhoid and cholera. The mosquito with its bite injects into our veins malaria and yellow fever. The bacteria of consumption, or grip, are everywhere present for us to breathe into our lungs. The blood which flows through our veins and arteries is our protection. It should contain healthy red and white blood corpuscles—capable of warding off these disease germs. Dr. Pierce's Golden Medical Discovery is a blood medicine and alterative made entirely without alcohol, a pure glyceric extract of bloodroot, golden seal, Oregon grape root, queen's root, mandrake and stone root, which has enjoyed a good reputation for over forty years. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives life to the blood—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter.

M. Maguire, Esq.

"About forty years ago while in Newark, New Jersey, I had chills and fever," writes Mr. Michael Maguire, of National Military Home, Kans. "I went to Kansas City and in the spring of 1877 the chills and fever returned. Doctors and everything I tried failed to do me good. Finally I saw Dr. Pierce's Golden Medical Discovery advertised. I took one bottle of it and the chills vanished. In about a year afterward I felt them coming back so I got another bottle and have never had any symptoms of fever or ague since. That is all of twenty years ago, for I had the chills about twelve years before I started to take 'Golden Medical Discovery.'"

Dr. Pierce's Pleasant Pellets are for liver ills.

Hay Market

Somers & Co. San Francisco report the condition of the hay market in their weekly summary of July 9th, as follows:

"Receipts of hay for the past week amounted to 2484 tons, practically the same as was received during the week previous. The local demand for hay is very light and insufficient to maintain prices and at the same time absorb this quantity of hay. Usually at this time of year there is considerable activity among many consumers in arranging for their supply of hay but thif year there is very little activity in this regard, for consumers fear the present high prices and many believe that they will buy hay cheaper in the winter and spring than they can at the present time. Whether this will be so or not, no one can predict but there is no doubt that the present high prices of feed will work a serious hardship on all consumers of hay, especially draymen and liverymen, whose principal expense is feed.

There is nothing new concerning the Alfalfa situation; some little hay has been purchased along the river, although it has not begun to move in any quantity as yet, the harvesting having been delayed by the recent rain.

"I Am Well"

writes Mrs. L. R. Barker, of Bud, Ky., "and can do all my housework. For years I suffered with such pains, I could scarcely stand on my feet. After three different doctors had failed to help me, I gave Cardui a trial. Now, I feel like a new woman."

VINEBURG NEWS ITEMS

"Easy Jim" Tells in an Interesting Way all About the Week's Happenings in and About His Section of the Valley.

W. R. Hansen has the new Postoffice in fine shape for business.

Mr. Norman Heggie of Sonoma was the guest of Mr. and Mrs. F. Batto on Wednesday last.

Mr and Mrs. Philip Bill Jr., spent the Fourth with relatives in Mill Valley and had a pleasant time.

Mr. and Mrs. Walter Bundschu (nee Sadie Towle) celebrated the glorious Fourth with friends in Berkeley.

Grover Rubke, station agent here, is a busy man these days but Grove don't mind that as he likes to be busy.

Henry Hauer, boss cooper of the Gundlach-Bundschu Wine Co., has returned from a visit to friends in the bay cities.

Mrs. Henry Forni and four daughters with Miss Kathryne Dieviech as her guest were visitors in El Verano Wednesday.

Mr. and Mrs. Bousquet of San Francisco are the guests of Mr. and Mrs. August Rouquie Sr., at their pretty home in Vineburg.

Fourth July of passed off quietly in our peaceful burg. A number of people arrived, but were all guests of friends and relatives.

Mrs. Harry Kizer returned home on Sunday evening after a pleasant visit to the Bay City. All are pleased to see the lady among us again.

Mr. and Mrs. Henry Gundlach of San Francisco visited Rhinefarm on July 4th. Henry cannot forget his boyhood home in old Sonoma Valley.

Mrs. August Figoni of San Francisco, children and sister, Miss Mary Batto, are the guests of their parents, Mr. and Mrs. John Batto, at Batto's Spur.

William Cummings, the newly-appointed traveling freight manager of the N. W. P. R. R. Co., was a visitor in this vicinity one day last week. We were all glad to see Billy.

Mr. and Mrs. Arthur Batto and baby Evelyn, accompanied by Albert Groskopf and Miss Jennie Hiser, motored to Napa and St. Helena on Sunday where they were entertained by friends.

Louis Rouquie's Vineyard Villa, the pioneer summer resort of this part of the valley, is now enjoying the liberal patronage that it has always deserved. Many of his guests return year after year.

John Gross, the popular cellarmaster of the Gundlach-Bundschu Wine Co., is now enjoying a well earned vacation with friends in the southern part of the state. We wish you a good time and safe return. John.

Frank Kennedy has returned from his visit to the sage brush State greatly pleased with his trip. He is accompanied by his grand daughter, Miss Kathryne Dieviech, and they are domiciled at Vineyard Villa.

All his friends (of which he has many in this vicinity) were sorry to hear that the veteran engineer Sam Lewis was badly scalded in an accident on Sunday last near Sebastopol. We know Sam and we will bet that he never jumped, but staved with the throttle. That's Sam every time.

Vineburg, July 11, 1912.

Easy Jim:

I hear that my old friend Charlie Groskopf has been engaged as a demonstrator by a prominent automobile company. Well, if he can make good as he does in breaking colts and baling hay he will be alright. Believe me.

Just ask Jim Small what he had for dinner on the Fourth of July. But goodness don't say I told you. He will do that.

Oh, I had such a fine time on the Fourth of July. I must tell you about it. A party of about thirty-five of us went on a picnic up to the farm of Judge Carrol Cook, near Glen Ellen. Some were from the city, some were from Sonoma, and Vineburg was represented, too. Leave that to me. James L. Modini said the climate was grand up there. It certainly is. But you you have to climb to find it. We had a good time alright.

Leaf by leaf the roses fall, yes, and so are all of my old school mates getting married. Miss Rosa Silva of Vineburg on Sunday became the bride of Manual Souza of Oakland. The bride is well known in this part of the valley. The groom is an employee of the Southern Pacific Railroad Co. After a honeymoon in Los Angeles the happy couple will reside in Oakland. We wish you much happiness, Rosie.

Yours
Fannie Ferndale

Harry Kizer, our local merchant, has made extensive improvements in his store here and from the looks of things there is something doing sure.

EASY JIM.

Vineburg, July 11, 1912

Want Long Hair?

And you would like long hair? Rich, heavy hair? Beautiful, luxuriant hair? That is perfectly natural, and we are here to help you. Ayer's Hair Vigor is a great aid to nature in producing just the kind of hair you desire. Do not be afraid to use it. No danger of its coloring your hair. The ingredients are all given on each label, thus enabling your doctor to wisely advise you concerning its use. Consult him freely. He knows.

Made by the J. C. AYER CO., Lowell, Mass.

SUPERIOR COURT CALENDAR DAY.

Judge Denny Presides in Both Departments Monday.

Judge Denny called the calendars in both departments of the Superior Court Monday.

The motion to tax costs in the suit of Peter Segrist vs. M. Rollins, was continued to September 4.

The default of the defendant was entered in the suit of Molly R. Taylor vs. G. W. Hule et al., and judgment was given for plaintiff.

These civil matters were continued: People vs. McMullin, Benoit vs. Benoit, Mark Lally Co. vs. J. K. Smith, to July 15.

A sale of realty of the estate of Olney M. Gwynn was granted.

The petitions to set aside realty and for family allowance were dropped in the matter of the estate of N. Bognuda.

W. D. Houx was named guardian of the estate of Lucinda Coulson in a bond of $2,500.

Sarah J. Nay was named executrix of the will of L. G. Nay. The will was admitted to probate.

The will of the late Newton V. Smythe was admitted to probate and Rachael Holmes Symth was named executrix without bonds.

F. M. Cooper was named administrator on the estate of Wm. Elmer Cooper in a bond of $3,400.

A sale of reality of the estate of Rebecca Dawson was confirmed.

F. L. Blackburn was named administrator on the estate of Wm. Dixon.

The final account was settled and distribution ordered of the estate of Louise Gaellen.

G. R. Bartlett was named administrator on the estate of the late J. T. Rugg in a bond of $700.

The final account of the estate of the late Albert F. White was settled and allowed and distribution was ordered.

The decree of divorce was granted in the suit of Anna M. Wyatt vs. H. H. Wyatt on the grounds of intemperance.

Judgment for plaintiff was given in the suit of Lutz et al. vs. W. A. Patson et al.

These matters went over to July 15: in re W. D. Ayers Co., Camm & Hedges Co. vs. Hallenbarten et al., Atkinson vs. Atkinson, in re Nippon Poultry Co., estate of J. Boralli, estate of Jesse Boyd; estate of Isaac Gray to July 9; estate of G. Koch to July 22; estate of J. A. Armstrong to July 22; estate of S. A. Nay to July 11; Weyhe vs. Doyle to July 24.

The final account of the estate of C. A. Page was settled and allowed.

Street Improvements.

Extensive street and sidewalk improvements are being made in front of the Peter Yenni and G. S. Harris properties on Napa street. Cement and stone gutterways and curbings are being laid in front of both properties, covering a distance of several hundred feet, which will be followed by cement sidewalks. It is an expensive improvement but will greatly improve that part of town and speaks well for the enterprise of Messrs. Harris and Yenni, the owners of the two corners.

NOTICE TO CONTRACTORS

The City Trustees of Sonoma will receive sealed proposals on all the work for the proposed Carnegie Library Building, in accordance with the specifications and the accompanying drawings, on file with the City Clerk.

Proposals will be received until 8 o'clock P. M., August 9, 1912, at the City Hall, in the City of Sonoma.

All proposals must be accompanied by a certified check in the amount of $100.00 made payable to the City Trustees of the City of Sonoma, said check to be forfeited to the said Board of Trustees in the event that the accepted bidder refuses to enter into a contract or fails to furnish a satisfactory bond.

All checks will be returned to the unsuccessful bidders. A Surety Bond in the amount of half the Contract price will be required of the successful bidder.

The Board of Trustees reserve the right to reject any or all bids and to waive any informality in any bid.

A deposit of $10.00 will be required on each set of plans and specifications, said sum to be refunded on return of the plans and specifications in good condition.

Proposals shall be endorsed as follows:

"Proposal for Public Library Building, Sonoma, Cal."

By order of the Board of Trustees.

Attest:

(Seal) H. W. GOTTENBERG,
City Clerk.

SPECIFICATIONS

For labor, materials and mechanical workmanship to be used and employed in the erection and completion of a Public Library to be erected in the Public Square or Plaza in the City of Sonoma, Sonoma County, State of California.

A. C. LUTGENS, Architect.
251 Kearny Street, San Francisco, California.

GENERAL CONDITIONS

All portions of the hereinafter described work shall be executed in strict accordance with the drawings and the following specifications for the same by A. C. Lutgens, Architect, 251 Kearny St., San Francisco, Cal.

All drawings and specifications are for the herein described work only, and are as instruments of service the property of the Architect, and must be returned to him upon the completion of the work.

In all cases where dimensions are figured, the figures shall be used without reference to scale measurements.

The Contractor shall make no alterations to the drawings, should any error appear in them, he shall refer it to the Architect for correction.

No part of the work shall be let as piece work nor let to a sub-contractor without the consent of the Architect.

The Architect or his representative shall have free access to the work at any and all times, and the Contractor shall furnish every facility for inspecting the same.

The Contractor shall measure and lay off the work and give his personal attention to the same. When absent from the work he shall always leave some one in charge of the same, who shall be authorized to act for him.

None but the most skilled workmen shall be employed upon the work. Any mechanic or laborer thereon, who in the opinion of the Architect shall prove careless or incompetent, shall be immediately removed therefrom by the Contractor when so notified by the Architect.

All materials required for the execution of the work to be furnished by the Contractor and properly applied, as may be from time to time directed by the Architect.

The Contractor shall execute and put in place the various portions of the work at all times without delay or hindrance to the progress of the work and give timely notice to other contractors when their work is wanted, and give them every facility for properly and expeditiously completing their work.

The Contractor to protect his work and materials during the progress of the building and to be responsible for all damages that may result from any accident during the progress of the work or in leaving open or unprotected any areas, hatchways, sidewalks, excavations, or street pavements, and it is his duty to see that the City Ordinances regarding the occupation and protection of the street pavements during the progress of the work are complied with, and it shall be the duty of the Contractor to comply with the ordinances governing the erection and construction of buildings in the City of Sonoma, State of California.

EXCAVATION

Excavate for basement and for walls and piers to the depths shown on drawings. All excavations to be made level, and where firm ground in trenches is on a slope perpendicular offsets shall be made.

Remove all trees, roots, boulders or other obstructions from the building site.

Fill in against walls after removal of forms and solidly tamp the earth.

Excavate for sewer pipe from the building to main sewer in street, and solidly refill the trench after sewer pipe is tested.

The surplus earth is to be spread over lot near building as directed.

Spread a 3-inch thick layer of gravel over entire basement on which to lay the concrete basement floor.

CONCRETE WORK

Foundation walls and piers are to be of concrete of the size and form indicated on drawings, also the sills of basement windows, and the steps at rear door.

The basement floor is to be of concrete laid on 3-inch thick bed of gravel, on which is to be laid an under floor of concrete 4 inches thick topped with ¾-inch layer of fine gravel and cement, smoothly and evenly trowelled and marked into blocks. The first 4-inch layer of concrete shall be laid in 2 sections of 2 inches each. After the first 2-inch thickness is laid a waterproofing membrane is to be spread over same consisting of 2-ply felt paper, well coated with asphaltum, then add the next two inches of concrete and immediately following this lay the ¾-inch top finish.

The outside and top of concrete foundation walls and piers are also to be waterproofed with a heavy coat of hot asphaltum.

The vestibule floor is to have a 4-inch thick concrete slab reinforced with ½-inch rods spaced 6 inches apart from centers.

Cement

All cement for the above work is to be of a quality equal to the standard established by the American Society of Civil Engineers.

Tests may be required by the Architect at the Contractor's expense to determine the quality of the cement.

Sand

All sand used throughout the concrete work must be clean, sharp and coarse fresh water sand.

Broken Stone

All broken stone must be hard, blue trap or basaltic rock, practically free from dust or earthly particles and of a size to pass a 2-inch mesh screen and rejected by a ½-inch mesh screen.

Gravel

Clean gravel composed of stones varying in size from coarse sand to pebbles not over 2 inches in size may be used in place of sand and rock provided, however, that the sand and pebbles are so proportioned that no voids shall result from a mixture of the gravel with cement.

Proportions

All concrete for walls, piers and lower portion of basement floor shall be composed of one part Portland cement, two and one-half parts sand and five parts broken stone.

If gravel as above be used then the proportion shall be one part of Portland cement to 6 parts of gravel.

Prepare a substantial platform on which to mix the ingredients.

Make a form in which place a measured quantity of rock, on this place the sand and on the sand place the cement all to their respective proportions.

The aggregate shall then be turned three times before placing same.

The first turning shall be dry and water shall be added during the second turning.

Forms

Make forms of pine lumber, true to line and of ample strength to resist displacement.

Insert blocks, bolts and anchors where required and leave openings, chases or reveals where shown or directed.

Placing

Place concrete in the forms in layers of not more than 9 inches and thoroughly tamp same.

When fresh concrete is added to concrete already set, the old work shall be cleaned and a cement wash applied before casting fresh concrete.

BRICK WORK

Build brick walls of the form and size shown and figured on drawings from concrete footings to main cornice.

All face brick on front, rear and ends are to be of best grade hard burned, buff pressed brick, free of damaged edges and laid in the manner known as "Flemish bond" or alternate headers and stretchers.

No bats will be permitted as headers. Care must be taken that joints are kept in true alignment, both horizontally and vertically. The joints on face are to have a recessed bevel.

Form arches over doors and windows where indicated with face brick shaped to radius. Use face brick for all returns at openings, and molded face brick where indicated. Form four course rollock arches at insides of openings.

Back up with brick behind all stone work and tie stone work to brick backing with ¼-inch iron ties with hook extending 1 inch into stone and turned up in wall.

Back up behind all galv. iron and build in all necessary wood blocks, brackets, bolts, anchors, and door and window frames.

Build a chimney and fireplace where shown with brick as for walls.

The chimney shall have two flues lined with 8x12 terra cotta flue lining.

Top out the chimney as shown and form a cement wash at projections and on top.

The mantel facing and shelf is to be of stone. (See stone work.)

Line the inside of fireplace and floor of fireplace with best quality fire-brick laid on edge with fire clay mortar. Form hearth arch at fireplace and leave same 2 inches below floor for tiling.

Lay all other brick throughout in mortar composed of 1 part of Portland cement to 5 parts of mixed lime mortar. The lime must be thoroughly slacked, mixed with clean sharp sand and heaped up at least 6 days before using.

The cement to be added to the mortar immediately before using same and no cement mortar shall be reworked after initial set.

Thoroughly wet the brick, fill all joints with mortar and form a perfect bond throughout.

Leave chases and reveals where required.

Clean surplus mortar from all projections and clean all the exterior walls on completion with a 10% solution of muriatic acid.

Remove all surplus material and rubbish caused by brick work from building and lot.

The Bricklayer shall furnish mortar and assist carpenter to bed wall plates.

STONE WORK

All granite is to be of best grade Raymond granite.

Furnish and set granite steps at front of building of the form and size shown on drawings, each step will be 6½ inches by 12 inches on exposed surface and in one length except the two lower steps which may be in several lengths each. The lower steps to be rounded as shown, and all steps to have a ½-inch radius rounding at edge of tread. All joints to be made true and straight and all corners and angles sharp and free from blemishes.

The surface of all granite to be finished in what is known as eight cut work.

Form a capping and cap stone on buttresses of granite as above.

The heads of basement windows, water table and the sills of first story windows and the belt course at spring line of first story windows shall be of best grade sawn Utah sand stone of uniform light color, and of a size shown or required.

Sills of windows to have lugs for level seat of brick and a slope of ¾ of an inch between lugs.

Build a fireplace in library as shown of selected local Sonoma stone similar to that used in present City Hall, support stone over opening on a 3x4-inch angle iron and form a stone shelf on mantel 6 inches thick and 2 corbels under same. Stone to be dressed to medium fineness. Anchor stone to brick backing.

All stone work throughout to be solidly supported on brickwork and bedded in cement mortar, and where necessary shall be tied back into brick backing with ¼-inch iron anchors. (See Brickwork.)

On completion clean all stone work with a 10% solution of muriatic acid.

Protect the stone work with boards where necessary to prevent injury until completion of building.

MARBLE AND TILE WORK

The sides and ceiling of vestibule and the face of door jambs and transon bar, also the floor border in vestibule are to be of best grade polished Alaska marble ⅞-inch thick, carefully fitted and well backed with plaster of paris and wired in thorough and substantial manner.

Form a tread and riser at front door of marble.

Tread to be 1¾ inches thick with rounded nosing.

Riser to be 1⅛ inches thick with fillet and cove.

Place tiling in vestibule and at fireplace hearths where shown, and to consist of best grade 6x6x⅝-inch red floor tile, laid in cement mortar with red cement grouting.

Make floors even and true and clean same from stains on completion.

Form a Terrazzo floor where shown at head of front steps, use small marble chips and form a border of colored marble chips around same, make floor even and smooth.

FRAMING AND TIMBER

All the hereinafter specified framing lumber is to be of No. 1 Douglas fir (Oregon Pine), except where otherwise specified.

All framing lumber is to be sized to a uniform width. All sills and plates are to be sized to a uniform thickness as well as width.

Set 8x8-inch posts in Van Dorn steel posts bases in basement where shown.

Support 1st floor joists on 8x10-inch girder at center bearing and on 2x4 wall plates at walls. Wall plates to be bedded in mortar and made level and straight.

1st story joists to be 2x12 inches set 16 inches apart from centers. Two rows of 2x3 cross bridging and 2x12-inch end blocking for first story joists.

Ceiling joists to be 2x8 inches supported by three trusses as shown in section.

2x3 cleats spiked to trusses for support of ceiling joists.

Trusses to be formed as shown with timbers of sizes indicated.

2x8-inch purlins on trusses and for end and gable rafters.

2x10-inch hip rafters.

Form vestibule partitions of 2x6 studding bridged as directed. Form basement partitions where shown of 2x4 studding and with 2x4 girts, plates and sills, spaced as indicated.

Frame out with double headers and trimmers at stairs and fireplace.

Double studs at openings.

Anchor the first story joists at sides and ends of building at intervals of not over 8 ft., also each truss and the middle ceiling joist between trusses with one anchor at each end and also the end ceiling joists at each end of building with two anchors, also the front gable with two anchors.

Anchors to be ⅜x2x3-inchx3-0 feet long with ¼x6x6-inch plate at one end and hook and 3 nail holes at other end. Where anchors run at right angles to joists a 2x4 piece shall be inserted over 3 joists to which the anchor shall be secured.

Furnish and place any additional framing timber required for the proper completion of the building as contemplated under these specifications and the accompanying drawings. All framing is to be well fitted and securely spiked.

FURRING AND SHEATHING

Furr the walls and ceiling of library room with 1x2-inch furring strips spaced 12 inches apart from centers.

The wall furring to be secured to plugs driven in joints of brickwork and to be made straight and true.

The ceiling furring to be secured to ceiling joists and lined up to make a level ceiling.

Do necessary furring and blocking for marble work in vestibule and for chimney.

Do necessary cutting, boxing and fitting required by plumber.

Sheath the basement partitions where indicated with 1x6 T & G V joint No. 1 redwood.

Shelter the roof with 1x6 T & G No. 2 pine blind and top nailed and form gutter ways as per details.

FLOORS

The basement floor is to be of concrete as before specified. The vestibule is to be tiled on a reinforced concrete slab as before specified.

The first story floor is to have a double floor of wood. The first layer to be 1x6 No. 2 T & G pine laid diagonally and well blind and top nailed each board to every joist.

The second or finished floor is to be of No. 1 vertical grain clear dry tongue and grooved 1x3-inch Douglas fir (Oregon Pine), each board closely driven up and blind nailed at every joist.

Place a layer of No. 2 P & B Building paper between the two floors.

The finished floor is to be laid when plastering is done and shall be protected against damage and stains by a two-inch layer of sawdust.

The floor shall be smoothed and sand papered after all interior finish is in place.

PLASTERING

The first story library room walls and ceiling and the walls and ceilings of basement lobby and women's lavatory are to be lathed with No. 26 galv. expanded metal laths well secured to timbers and properly lapped at angles and joints.

Extend all lathing to floor.

Place metal corner beads at corners.

Plaster all lath work with two coats hard wall plaster, "Empire brand." The first to be a scratch coat and the second to be trowelled straight and even and finished in the manner known as a sand finish in the library room and to be finished white, hard and smooth in the lobby and women's lavatory and toilet. Form a 6-inch high cement base around lobby, lavatory and toilet.

Plaster the exterior concrete base around building and the basement window sills with ½-inch thick cement and sand mixed in the proportion of 1½ parts clean, sharp sand and 1 part of Portland cement.

Repair all damages and injury to plaster before acceptance of the work.

STAIRS

Treads of 1½ vertical grain pine and risers of ⅞-inch pine housed into wall, string and keyed, blocked and glued; 4x4 molded pine posts, 3x4 molded pine rail.

INTERIOR FINISH

The front entrance door, and frame, the side lights and frames, and the transoms and transom bar are to be of best grade white oak veneer on both sides on pine core, door and sash to be 2 inches thick and all as per details. The exterior surface of frames will be covered with marble.

The exterior basement door to be of 1¾-inch redwood with panels as shown and with 1¾x10-inch rabbetted and molded frame.

The other basement doors to be 1¾-inch thick redwood in one panel and hung to 1¾-inch thick rabbetted redwood frames, 1¾ rabbetted redwood frames and 1¾ thick sugar pine sash for basement windows.

1x5 redwood casings and molded sills for inside finish at basement openings.

Cement base around lobby, women's lavatory and toilet as specified under "Plastering", 1x10-inch molded pine base in library, 1¾-inch pine frames with circular heads and 1x6-inch molded circular casings and 1¾-inch thick molded sash with transoms, transom bars, molded sills, etc., as per details for windows in library room.

Form a cornice of pine around library room and form 2 beams across the room with molded cornice as per details.

Build book cases around room and forming divisions in room.

Make book cases seven feet high with neat oak moulding at top and with ½x4-inch molded oak base at bottom. Make single book cases 11 inches deep and double book cases 22 inches across ends. Make backs to all cases of ⅝-inch thick spruce. Make shelves of ¾-inch thick spruce with edge of ¾-inch oak, on movable spruce cleats. Make upright divisions of spruce except exposed ends which are to be of best grade white oak, and the front edge of division partitions which shall have an oak strip. The tables and desk are not included in this contract.

All interior finish to be well made, smoothly finished and carefully fitted in place and of the best of the several kinds of woods specified.

Furnish all centers required by bricklayer and furnish and secure all necessary rough brackets for exterior and interior cornice work, also all grounds for finish.

GALVANIZED IRON WORK

Furnish and secure where shown on drawings a galvanized iron cornice; form same with crown mold bed mold, facia, soffit, dentils bed mold and gutter all as per detail drawings.

All the galvanized iron for cornice work is to be of best grade No. 24 gauge metal and to be smoothly and evenly formed, well soldered and riveted and firmly secured to wood brackets.

Form a panel with raised block letters over front entrance and securely anchor same into brick work.

Flash around chimney with galvanized iron as may be required, and provide valley flashings at pediment.

Make wide flashings extending under slate at gutter.

Furnish and attach 4 leaders 4 inches in diameter leaders from roof to 5 ft. from ground. The bottom of leader to terminate in a 5-ft. lengths of cast iron pipe with bend at bottom. Provide large leader heads.

Attach all galvanized conductor work to brick work with galvanized iron hooks.

Furnish and place galvanized hip and ridge rolls on roof as shown.

SLATE ROOFING

Furnish and place on roof sheathing a heavy felt paper of approved quality.

Cover the entire roof with best quality 10x16-inch red Eastern slate, laid with a weather exposure of 6 inches and nailed with galvanized slate nails. Contractor may use Red Asbestos shingles or Spanish tile in place of slate above specified.

CAST IRON

Furnish and set at front 2 cast iron columns with molded caps and bases, metal to be ½-inch thick and to be cast free of blemishes and to present a smooth, even surface.

PAINTING

Paint all galvanized iron, cast iron and exterior wood work with 3 coats of pure white lead and linseed oil.

The oak front door and frame and sidelights to have one coat of filler and 3 coats of best grade exterior varnish, the last coat to be rubbed with pumice and oil to a smooth, even surface.

All the basement planed woodwork in lobby and women's lavatory to receive 3 coats of white lead and oil.

All other planed woodwork in basement to receive 2 coats of lead and oil.

All the book case fronts in library room to receive one coat of filler and 3 coats of Hueter's Durable Interior varnish. The second coat of varnish to be rubbed with hair cloth and the final coat to be rubbed with pumice and oil. The backs and shelves of book cases are to receive 2 coats of white shellac. All the interior door and window trim to receive one coat of stain and two coats of varnish as above the last coat to be made flat.

The beams and cornices at ceiling to be treated same as for trim.

Oil all sash before fitting same.

Oil the frames of windows twice and rub dry.

Oil the thresholds twice and rub dry.

Oil the floor of library room twice and rub dry.

All oil to be of best grade boiled linseed oil.

Exterior of sash to be painted a dark green.

Putty all nail holes and other blemishes after application of first coat.

Stain and oil the stairs to basement as directed.

GLAZING

Glaze the first story library windows and front door with best quality American plate glass free of defects, secured in sash with wood stops.

Glaze the transoms and basement sash with best grade moss glass firmly bedded, bradded and puttied, and on completion each light must be perfect.

SCREENS

Furnish and place at toilet window a galvanized wire screen with ⅛-inch wire woven with one-inch meshes.

HARDWARE

Furnish all rough hardware consisting of nails, spikes and screws.

All the finishing hardware consisting of hinges, locks, bolts, catches, lifts, transom rods, door check, and base knobs to be properly applied by Contractor and to be selected by the owner or Architect at a cost to the Contractor of $50.00.

PLUMBING

Run a ¾ galvanized main from street to building and place stop-cock in same near building.

Run ¾-inch branch to sink and ½-inch branches to basin and toilet. Leave large air chamber at terminals. Fit with nickel-plated globe valves at each fixture.

Lay a 4-inch vitrified soil pipe from building to sewer in street and place a running trap in same at sidewalk with extension and cast iron cover.

Connect toilet with drain with 4-inch extra heavy asphaltum dipped cast iron pipe. The vent to roof may be of 2-inch pipe galvanized.

Connect sink and basin with soil pipe in 2-inch cast iron pipe, and vent same to roof.

Run a 3-inch tile drain 50 feet long from rear entrance as shown.

Furnish and set where shown one plain porcelain syphon jet with long covered jet and with low down Douglas enameled iron tank with nickel trimmings.

Furnish and set an enameled iron wash basin 20x28 inches with 10-inch high back supported on nickel legs and to have a 12x15-inch oval bowl.

Supply with water in ½-inch pipe and fit with self-closing nickel-plated basin cock. Nickel waste, trap and trap screw.

Furnish and set in basement a 20x30-inch first quality iron enameled sink with roll rim and with 10-inch high enameled iron back.

Supply sink with water in ¾-inch galvanized pipe and fit with ⅝ nickel-plated compression bibb. Nickel waste and trap with trap screw.

All plumbing work to be done in a thorough and mechanical manner, all joints in water pipe carefully connected with full threads and made secure against leaks.

All cast iron pipe carefully caulked with lead and oakum and made water tight.

All pipes to be firmly secured with straps or clamps to walls or joists.

All pipes are to be tested with full pressure of water before being concealed.

NOTE—Remove all rubbish from the building and premises on completion. Clean all window glass. Clean the floors broom-clean. See that doors, sashes and fastenings are in working order and deliver up the premises ready for occupation.

ELECTRIC WORK AND FIXTURES

Will be in a separate contract.

Special School Tax Election Notice.

Notice is hereby given to the qualified electors of the San Luis School District of the County of Sonoma, State of California, that an election will be held on

Saturday, August 3d, 1912,

at the school house, in said district, between the hours of 1 p. m. and 5 p. m., during which period and between the hours the polls shall remain open, at which election the question of voting Three Hundred and Fifty ($350) dollars for the purpose of shingling, flooring and painting the school house of said district will be voted upon.

That R. L. Watt will act as inspector and Howard Knight and Joseph Keechler will act as judges of said election and conduct the same, said inspector and judges being qualified electors of said school district.

By order of the Board of Trustees of San Luis school district.

FREDERICK HELBERG.
JOS. KISER
FRED. C. SCHELL
Trustees.

July 13, 1912.

Ladies' and gents' clothing cleaned and pressed. We make them look good as new by our process of dry cleaning. Parrent, The Tailor.

Victoria Saloon

Pinell's New Building,

A. PINELLI. Proprietor

Notice!

On and after June 6th positively no number will be given any party on Phone unless he or she uses directory and gives the operator the number of party desired.

This rule will be strictly enforced.

Any one not having a Directory will please call at office and secure one.

F. L. WRIGHT,
Gen. Mgr Cal. Tel. and Light Co
Sonoma, June 8, 1912.

Lost!

On Friday evening, June 7th, on way to graduating exercises in Union Hall, a gold fleur de lis pin, set with pearls. Valuable to owner as a keepsake.

Suitable reward if returned to Lutgens Candy Store.

NOTICE

To Water Consumers of Sonoma.

Patrons of the Sonoma City Water Works Co. are requested not to waste the water and to irrigate from 5 to 8 o'clock in the evening and from 6 to 9 in the morning.

The present wasteful use of water will compel me to put in meters if it is not stopped.

MRS. L. V. EMPARAN.
For the S. C. W. W. Co.
Sonoma, June 22, 1912. 4t

Notice to the Public.

Notice is hereby given that I have taken over the interests of my father, Mr. Henry Weber, in the Central Market, Sonoma, and will hereafter conduct the same under my name in a first-class and up-to-date manner.
